Subject: Letter of Recognition

Mr. James Carn  
164 West Hills Drive  
Williamsport, PA 17701

Dear Mr. Carn:

As we celebrate Public Service Recognition Week, I want to take this opportunity to again thank you most sincerely for the wonderful job you have been doing repainting more and more of the old Pennsylvania Department of Highway signs. I understand you have completed work on more than 50 signs throughout the region over the past few years. That is just amazing.

As I've said before, it is very kind of you to take it upon yourself to provide this community-minded service. You've done a fine job researching and matching the original colors as closely as possible.

The end result, shown in the many pictures you have shared with us, reflects your attention to detail and a quality job.

Again, I want to express my sincere appreciation to you for undertaking this personal community-service project in a number of north central Pennsylvania counties.

Sincerely,

A handwritten signature in black ink that reads "Sandra Tosca".

Sandra Tosca, P.E.  
District Executive  
Engineering District 3-0
